- 4) Phone Number: _____ Project Title: _____
- Contractor Name: _____ Address: _____

Driveway Construction Requirements

- 1) Driveway construction in the "Business District" must be approved by the Kalispell City Council prior to construction. Driveway construction in all other areas must be approved by the Kalispell Public Works Department prior to construction.
- 2) The nearest edge of any driveway shall not be closer than 35 feet to the nearest edge of the pavement of the street intersecting the street serving the driveway. If curbing exists, the roadside face of the curbing shall be the measuring point.
- 3) All driveway construction shall be in conformance with the Standards and General Provisions for Design and Construction for Kalispell, Montana. The basic construction requirements are as follows:
 - a) Existing curbing at the location of the driveway must be removed and replaced with drive over type curbing.
 - b) Driveway approaches between the curbing and property line must be constructed with concrete. See detail SD-9 or SD-10 City of Kalispell Standards for Design and Construction.
- 4) Driveway construction within the City Right-of-Way must be performed by a bonded and insured contractor.
- 5) The contractor must present an approved Application For Driveway Construction to the Kalispell Public Works Department in order to obtain a Public Right-of-Way Excavation Permit prior to beginning construction.
