

Planning a Car Wash Fundraiser?
Don't forget your Fundraiser SudSafe™ Car Wash Kit!
*Available at the Public Works Department
201 1st Avenue East—Kalispell, MT*

- * Contact the Public Works Department to borrow a car wash kit to discharge your wash water to the appropriate sanitary drain or vegetated area - \$25 refundable deposit fee.
- * Obtain permission from the owner of the event location to conduct a car wash event and locate an approved sanitary drain or vegetated area.
- * At the end of your event, return the car washing kit to the City of Kalispell Public Works Department.

Charity car wash events need to include protection of the storm drain system to prevent pollutants such as soap & detergents, residues from exhaust fumes, gasoline, and motor oils from entering creeks & rivers. To stop pollution from entering our storm drains, use best management practices to ensure your car washing event does not pollute our water bodies!

Any organization borrowing the kit will need to provide its own washing materials (soap, sponges, towels) and find its own location that includes a water source, an electrical outlet, and an appropriate discharge location for the wash water—either a sanitary sewer manhole or a vegetated area.
